

INVERTER BATTERIES

AVAILABLE RANGE 100AH~260AH

We Make Tubular Batteries Since 1982.

INVERTER TUBULAR BATTERY

Type of Battery	Nominal Voltage	Rated Capacity @C20 -27°C	Filled Weight ±1%(KG)	Dimension			Container Type
				Length ±3 mm	Width ± 3 mm	Height ± 3 mm	
RXT 10000	12	100 AH	50	510	190	445	PPCP
RXT 12000	12	120 AH	52	510	190	445	PPCP
RXT 13000	12	135 AH	54	510	190	445	PPCP
RXT 15000	12	150 AH	57	510	190	445	PPCP
RXT 18000	12	180 AH	59	510	190	445	PPCP
RXT 20000	12	200 AH	63	510	190	445	PPCP
RXT 22000	12	220 AH	66	510	190	445	PPCP
RXT 24000	12	240 AH	69	510	190	445	PPCP
RXT 26000	12	260 AH	72	510	190	445	PPCP

Features :

Low Maintenance & High Performance
 New Improved Grid Design
 Factory Charged Battery.
 Reliable performance
 Ultra Low rate of Discharge.
 Attractive pricing
 Suitable for long powercuts area.
 Special Thick P.E. Separators less water Top-up.

Speacification :

Recyclable Tall Tubular Inverter Battery.
 Thicker Plates Designed with 25% more Electrolytes.
 Maximum Overcharge tolerance.
 Fast and easy charging with less water loss.
 No Battery Leakage Experience Since 1982.
 Value for Money.

We Make Tubular Batteries Since 1982.

OUR COMPANY

Manufacturer of all kind Lead Acid Tall Tubular BATTERY
for Application Solar, Inverter, E rickshaw & Automotive .
